15. Report anything that breaks to the owner. Accidents do happen and together we will make a determination as to whether there is a fee.

16. For emergencies that include no water or heat, call my maintenance contractor **Larry Coulter at 559-907-4597**. Any non-emergency calls that require Larry to come to the cabin will result in an additional charge. For example if you lock yourself out of the bathroom.

Most of this is common sense but I thank you in advance for your consideration!
